## CEMENT REMOVER

- Eco-friendly
- Biodegradable
- Highly effective

### DESCRIPTION

Brainchem Cement Remover is a strong acid based product, specially designed for the removal of cement deposits from most common surfaces.

### ADVANTAGE

- Fast and efficient cement removal
- Inhibits against acidic attack on cleaned ferrous surfaces
- Forms a protective layer on steel surfaces to which paint adheres readily
- Biodegradable
- Non flammabl

### APPLICATIONS

Brainchem Cement Remover is used for removing cement residues from all common metal surfaces. It is not to be used on zinc, aluminium, galvanized materials and stainless steel.

### Cargo Hold Cleaning

Cement Remover is used to clean cargo holds after carrying cement. After sweeping and demucking apply Cement Remover in a 10 - 45 % solution depending on the contamination. Let the product soak for 30 minutes making sure not to let the solution dry on the surface. Then spray off with water.

## DIRECTIONS FOR USE

Apply Cement Remover with brush on surfaces to be cleaned.

- Use undiluted for hard cement deposits
- Use Cement Remover in a 10 - 50 % solution in water, depending on the thickness of the cement layer
- Rinse thoroughly with water, 10 to 15 minutes after application

## PROPERTIES

Article number	551615
pH (1 % solution)	1,0
Density	1,15 g/cm <sup>3</sup>
Flashpoint	Not applicable Physical state Liquid

## TECHNICAL INFORMATION

Brain chem Cement remover is compatible with most tank-coatings. To be sure measure the pH of the coating or revert to BRAIN CHEM INT PTE LTD for further technical information. We recommend users to refer to MARPOL Annex II for use of cleaning agents or additives (see latest edition MEPC.2 circular issued annually in December). Additional reference can refer to the IMO publication: IMO/UNEP Guidelines on Brain Chem HCF Application and Environmental Consideration. This book gives more information on the application of dispersants. We would also wish to point out that the use of dispersants in many countries is governed by the local authorities or Coast Guards and permission to use the product must be thought.
